

Metric Ruler, Protractor, and Compass

MATERIAL CARD 32

(Activity Sets 9.1, 10.1, 10.3, 11.1, 11.2, and 11.3)

Compass

Punch out holes C, 1, 2, 3, ..., 10. Hold point C fixed for the center of a circle and place a pencil at hole 8 to draw a circle of radius 8 centimeters.

Place the vertex of the angle at point V and one side of the angle along the line from 0° to 180°.
