

SUMMER 2016 DEVELOPMENT INTERNSHIP

CASEY SMITH @ UNITUITION & OMNITECH

UniTuition

TutorHQ

LIVE FYT

OmniTechPro

Omni Technology Professionals, Inc.

BACKGROUND

UNITUITION

(UniTuition.com, LiveFyt.com, TutorHQ.co.uk, and TutorHQ.ie)

UniTuition is Ireland's leading platform for connecting third level students with pre-screened specialist tutors. With UniTuition, university students can book the extra tuition they need quickly and easily.

OMNI TECHNOLOGY PROFESSIONALS, INC.

(OmniTechPro.com)

OmniTech helps business owners gain a competitive advantage through the use of technology. Professionals dedicate themselves to bring the latest innovations and information technology to clients.

CHALLENGES

- Living & commuting in a foreign city
- Learning new coding languages
- Collaborating in a professional environment
- Using unfamiliar repository code

RESPONSIBILITIES

- Assigned intern type tasks based on Founder's requests
- Made front end and back end changes to any of the 4 sites depending on bugs and design preferences
- Understood and used Git

CSS

LOOKING BACK ON TWO UNIQUE EXPERIENCES

UniTuition offered new concepts. Learning a new language requires abstract thinking and a lot of research, especially when attempting to catch up to work with other that are already familiar.

OmniTech offered simple but challenging projects. The projects made for good practice with clients that provided real-world opinions and criteria.

Both employers had a very different approach to “work”.
